SUBJECT: COLORADO DEPARTMENT OF PUBLIC HEALTH AND ENVIRONMENT (CDPHE)  
AIR COMPLIANCE INSPECTION - VLO-001-98

Attached, please find a copy of the Colorado Department of Public Health and Environment (CDPHE) Air Inspection schedule listing inspection dates, buildings to be assessed, and a brief description of items to be addressed.

Also, please remember that a copy of the Air Compliance Guideline Documents (ACGDs) for activities/buildings must be current and maintained at the facility. The permit requires that a copy be available during the Colorado Department of Public Health and Environment (CDPHE) inspections. The operator is responsible for retaining a current copy of the permit either at the equipment's location, in the operations manager's office, or at a central location of the operator's choice.

If you have any questions please feel free to call.

## INTEROFFICE MEMORANDUM

DATE: May 26, 1998  
TO: Y. L. Orozco, RMRS Environmental, Bldg. 116, X4493  
FROM: C. A. Patnoe, K-H Air Quality Management, Bldg. T130C, X2440  
SUBJECT: CDPHE AIR QUALITY BUILDING TOURS - CAP-059-98

---

A Colorado Department of Public Health and Environment (CDPHE) air quality compliance building tour has been scheduled for **Buildings 865, 883, and 886 on June 10, 1998**. Each CDPHE tour starts with a meeting at 9:00 AM in Trailer T-119A, between the CDPHE inspector, the Air Quality Management (AQM) escort, and the DOE, RFFO representative. Any appropriate environmental representative is invited to attend this meeting. An additional pre-inspection meeting and post-inspection meeting should be arranged for each building or area. Most tours start at around 9:30 AM and are finished by 2:30 PM. Please ensure that these buildings are scheduled (plan of the day, if appropriate) and that appropriate personnel are on hand to provide necessary information.

### Things that the CDPHE inspector may request:

- Buildings 865/867-8**
- General tour of all inactive and active areas
  - Information pertaining to future D&D activities
  - Verification of tank ID numbers
  - Chemical usage, if any, for 1997
  - Pressure drop readings across Buildings 867 and 868 HEPA filters
  - DOP test information for Buildings 867 and 868 HEPA filters
- Building 883/879**
- General tour of all inactive and active areas
  - Information pertaining to present and future activities
  - Verification of tank ID numbers
  - Chemical usage, if any, for 1997
  - Pressure drop readings across Building 879 HEPA filters
  - DOP test information for Building 879 HEPA filters
- Buildings 886/875**
- General tour of all inactive and active laboratory areas
  - Information pertaining to present and future activities
  - Verification of tank ID numbers
  - Chemical usage, if any, for 1997
  - Pressure drop readings across Building 875 HEPA filters
  - DOP test information for Building 875 HEPA filters

- SAFE AND COMPLIANT CLOSURE -

An AQM/Radian International representative will contact you to set up a pre-inspection audit of the buildings to be toured to ensure conformance with the Air Compliance Guideline Documents that were previously distributed to each company. If there are questions about this guidance, please contact Mike Putney at X2692.
